Introducing the...

Campus Cruiser

A collapsible cart to help speed up move-ins and move-outs at collegiate residence halls.

Don't wear parents out on move-in day, don't use carts that tip over. The Campus Cruiser is weather-resistant, has swivel casters for smooth operation, and best of all, the sidewalls detach to store flat. Store a whole fleet of carts in a fraction of the space of traditional bins. These carts will last you year after year.

Durable, Reusable, Collapsible.
